

**Brendan Lenti-Jones**

**Welder/CWB Welding Inspector**

*Langley, BC. V1M 2R4*

*torchweldingltd@gmail.com*

*236-380-5111*

**Training, Certifications and Qualifications**

- Level A welder (BCIT Program)
- Interprovincial Red Seal Welder
- Alberta ABSA registered
- BC ASME PWP #7 & PWP #10
- CWB Structural SMAW and FCAW All-Position tickets
- CSTS '09
- Fall Protection Restraint
- Confined Space Entry and Monitor
- CWB Level 2 welding inspector
- Certified to ASME B31.3 and CSA W47.1 / W59

**Work experience:**

**Running a Mobile Welding Business                      Mar 2020 - Present**

- Construction, Demolition, Piping Systems, Structural, Pilings, Repair, Bridges, Utilities, Commercial Plumbing, Remote, Mining and Equipment repair.

**Combustion Solutions Inc****Aug 2019 – Feb 2020**

- Shop fabrication of thermal exchangers / gas pre-heater / boilers.
- MIG root, SMAW fill and cap pipe welding.
- TIG weld piping in and out of position.
- Flux-core general fabrication.
- Fitting and welding of piping systems and vessels.
- Weld and fit at heights, on man-lifts and in tight spaces.
- Professionally, reliably contracting and delivering clear invoices.

**All Pro-Services Ltd****June 2019 – Aug 2019**

- Installation of Boiler systems.
- MIG root / stainless or carbon flux-core fill.
- SMAW Field installation of steel mechanical fittings.
- Weld and fit at heights, on man-lifts and in tight spaces.
- Fit and weld pipe assemblies on a hand/electric wheel.
- Operate independently with customer direction.
- Operate the company welding rig independently.
- Installation of structural handrails/walkways.

**Vertical Ironworks Ltd****May 2019 – June 2019**

- Installation of Refrigeration/Plumbing systems.
- SMAW Field installation of steel mechanical fittings.
- Weld and fit at heights, on man-lifts and in tight spaces.
- Fit and weld pipe assemblies on a hand wheel.
- Operate independently with customer direction.
- Installation of structural handrails/walkways.

**EM Welding Ltd****Feb 2019 – May 2019**

- Installation of Refrigeration systems.
- SMAW Field installation of steel mechanical fittings.
- Weld and fit at heights, on man-lifts and in tight spaces.
- Fit and weld pipe assemblies on a hand wheel.
- Operate independently with customer direction.

**British Columbia Institute of Technology****Aug 2018 – Oct 2018**

- Picked up extra shifts as a welding instructor.
- Short term but fun and fulfilling experience.

**Cayoosh Creek Welding and Fabrication Ltd****Jun 2018 – Dec 2018**

- Operate independently at a customer's facility.
- Stainless steel TIG welding.
- Stainless part and assembly fabrication.
- Consult with customer on manufacturing methods.
- SMAW Field installation of steel mechanical fittings.
- Finished parts coated with HVLP paint system.

**Liburdi Diametrics / Gapco – Esquimalt, BC.****Nov 2017 - May 2018**

- Visual Inspection of in-process and finished weld cladding.
- Meticulous monitoring of Pre-heat, Inter-pass and Heat input using specialized equipment.
- Technical support of automated welding and logging equipment.
- Welder qualification testing.
- Weld mapping and Dimensional tracking.
- Coordinate customer and NDT inspections.

**Absolute Mechanical Ltd – Maple Ridge, BC. Jun 2017 - Sept 2017**

- Fitting and welding of stainless and carbon spools.
- General shop duties, equipment maintenance.
- Visual Inspection of spools.

**Seaspan Vancouver Shipyards - North Vancouver, BC. Jan 2017 - Mar 2017**

- Seasonal company vessel repair.
- FCAW welding, oxy-fuel cutting / washing, arc gouging and confined spaces.

**Williams and White - Burnaby, BC. Nov 2016 - Jan 2017**

- FCAW part fabrication / welding.

**Academy Construction and Maintenance Ltd- Edmonton, AB. Oct 2014 - June 2016**

- Welding / Piping Inspector.
- Visual inspection of welds.
- Welding parameter checks.
- NDE contractor coordination.
- Shipping load auditing.
- Consumables / Material management.

**Bradken Canada Ltd - Edmonton, AB. Apr 2012 - Aug 2014**

- Lead inspector / Pipeline fabrication.
- Visual inspection of welds and chrome carbide overlay.
- Scheduling NDT contractors.
- Coordinating 3rd party inspector signoff.
- Organizing and reviewing turnover documents.
- Training new inspectors.
- Material inspection and issuing NCR's.
- Hardness testing of completed clad product.
- Weld mapping and dimensional checks of fabricated product
