- Microsoft Office

## PROFILE

As a recent graduate in Urban Design with a strong foundation in Project Management and Civil Engineering, I bring two years of hands-on experience as a project supervisor on construction sites. This role has allowed me to deepen my understanding of urban planning and construction techniques, blending academic knowledge with practical application.

I excel at keeping projects on schedule, managing resources efficiently, and leading diverse teams to meet project objectives. My experience working closely with clients, contractors, and stakeholders has honed my ability to drive project success through effective collaboration and communication.

I am passionate about applying my expertise to develop innovative and sustainable urban planning solutions that contribute to more livable and resilient cities.

## EXPERIENCE

### Project Supervisor

Shree Labham Buildcon | Surat, Gujarat, India | 2020 - 2022

Assist with erecting and disassembling scaffolding and other temporary structures.

Distribute building materials to the appropriate locations.

Operate a variety of small equipment, including jackhammers, earth tampers, and small mechanical hoists

### Internship

Blue Bird Finstock Pvt Ltd. | Surat, Gujarat, India | 2019

During my construction internship, I gained experience in project support, site inspections, teamwork, hands-on skills, safety awareness, and problem-solving.
