Versatile Business Professional: Construction Safety Officer | Project Manager | Workplace Manager

A dedicated Construction Safety Officer with over a decade of international experience in project management, workplace management, and health and safety compliance. I excel in implementing safety protocols, conducting risk assessments, and ensuring regulatory compliance to create safe and efficient construction environments. Certified as a PMP, CFM, and Construction Safety Officer (CSO) and certified in SiteReadyBC, WHMIS, and OSHA Construction Safety, I bring expertise in workplace safety, hazard identification, and emergency response planning. My educational background includes a Graduate Certificate in Business (Dean's Honor List), a BSc in Information Systems Management, and extensive training in First Aid (OFA 2), Emergency First Aid with CPR/AED, and Naloxone administration. Committed to driving positive changes, I focus on innovative safety solutions, operational efficiency, and worker well-being. With a proactive approach and proven leadership in cross-functional teams, I aim to contribute my skills to organizations prioritizing construction safety and excellence.

Skill Areas: ♦ Project Management ♦ Program Management ♦ Construction Safety ♦ Workplace Management ♦ Risk Assessment and Management ♦ Incident Investigation ♦ Emergency Response and Disaster Management
♦ Exceptional Problem-Solving & Critical Thinking skills

CAREER HIGHLIGHTS AND ACHIEVEMENTS
