PERSONAL QUALITIES

Patient - Persistent - Quick learner
Team player - Detail-oriented - Hard-working - Adaptive - Creative - Organized

I am a team player skilled in various trades. Currently looking for an opportunity to join a new team. I do best in collaborative environments, excel in creative problem solving and strive to exceed expectations, whether it's through precise craftsmanship or offering my software expertise. I look forward to the opportunity to contribute and grow alongside a skilled team while continuing to develop both my technical and creative capabilities.
