BRAVE INTERDUCE

I have three years of hands-on experience in architectural drafting, utilizing AutoCAD and 3ds Max to create detailed 2D and 3D designs. My work extends beyond digital space, as I've been actively involved in the implementation of architectural plans on construction sites, ensuring designs are accurately brought to life. This combination of technical proficiency and on-site execution has strengthened my ability to bridge the gap between concept and construction, contributing to successful project completions.

ACCOMPLISHMENTS

- My accomplishments include earning a QCM Quality control management certificate from USAID org, and ICT certification, a leadership certificate, and completing an internship in India, which have equipped me with valuable skills and knowledge applicable to my professional growth.

SKILLS

- I have advanced computer skills, extensive driving experience, and the ability to communicate fluently in four languages, making me adaptable and versatile in various roles.
- Designing software Auto CAD 2D, 3D
- Auto desk 3Ds Max

WORK EXPERIENCE:

Although I am new to Canada, I bring valuable experiences from my previous roles, where I developed strong skills in administrating, teamwork, computing, problem solving and customer service. I am eager to contribute to your company by leveraging my background and quickly adapting to the Canadian work environment.

- 3 years drafting 2D plans.
- 1 year 3D design interior and exterior.

EDUCATION:

Diploma of civil engineering 2012
Bachelor of civil engineering 2016
