

Subject: Application for Plumber Position

Dear Hiring Manager,

I am excited to apply for the Plumber position at your company. With a solid foundation in plumbing, a strong work ethic, and excellent customer communication skills, I am eager to contribute to your team and grow within a dynamic work environment.

I recently completed the Plumbing & Piping Foundation Program at the University of the Fraser Valley (UFV) with high academic standing, where I developed hands-on experience in pipe installation, system maintenance, and blueprint reading. My technical skills, combined with my ability to learn quickly and adapt, make me confident in tackling various plumbing tasks efficiently.

Prior to this, I served in the Air Force, where I honed my ability to work effectively under pressure, adapt to challenging situations, and maintain a disciplined and detail-oriented approach to my work. Additionally, my background in Hotel Management from Korea has provided me with strong customer service and communication skills, allowing me to interact professionally with clients and ensure their needs are met with high standards.

I take pride in my ability to troubleshoot issues efficiently, work diligently in fast-paced environments, and uphold the highest safety standards. I am eager for the opportunity to bring my skills and dedication to your team and contribute to your company's success.

I would welcome the chance to further discuss how my experience and skills align with your needs. Please feel free to contact me at your convenience.

Thank you for your time and consideration.

Best regards,

Robin Lee
